Instructions:

This system allows managing **suppliers, contracts, and orders** through a user-friendly menu. You will navigate between several menus and perform operations by entering the requested inputs.

After running the program, the following **Main Menu** will appear:

```
========== 🍎 Supply Management System ==========
Please choose an option:
1. Suppliers
2. Contracts
3. Orders
4. Show Data System
0. Exit
➤ Option:
```

Main Menu Options:

1) Suppliers-

Manage suppliers and related data. When you choose "Suppliers", you will enter the **Supplier Menu**:

```
📦 Supplier Menu:
1. Add Supplier
2. Supplier Products
3. Supplier Contacts
4. Supplier Contracts
5. View All Suppliers
6. Delete Supplier
7. Change Supplier Details
8. Supplier Companies
➤ Option:
```

- **Add Supplier:** Add a new supplier, including bank details, type, and (if needed) workdays.

- **Supplier Products:** Manage products per supplier (add, delete, show).
- **Supplier Contacts:** Manage supplier's contact people.
- **Supplier Contracts:** Create new contracts and view existing ones.
- **View All Suppliers:** Display all suppliers.
- **Delete Supplier:** Remove a supplier from the system.
- **Change Supplier Details:** Update supplier name, address, phone, bank, workdays, or type.
- **Supplier Companies:** Add/delete/list companies that the supplier represents.

2) Contracts Menu –

```
📜 Contract Menu:
1. View All Contracts
2. Make a New Contract
3. Delete a Contract
➤ Option:
```

- **View All Contracts:** List all contracts stored in the system.
- **Make a New Contract:**
  - Choose a supplier.
  - Create a contract for the supplier.
  - Add products and define quantity-based discounts.
- **Delete a Contract:** Remove an existing contract from both the system and the supplier.

2) Orders Menu–

```
📋 Order Menu:
Please choose what to do:
1. Add a New Order (Based on Contract)
2. Delete Order
3. View Order
0. Exit
➤ Option:
```

- **Add New Order:**
    - Select a supplier.
    - Choose a contract.
    - Choose a payment method (Cash, Credit, Bank Transfer).
    - Add products from the contract into the order, with correct quantity and automatic discounts.
- **Delete Order:** Delete an existing order by ID.
- **View Order:** Display all details of a specific order.
